VTA's updated transit service plan has been published, and the link above will take you to a blog post that helps explain the modifications to their plan. This includes a change to Route 42, to serve the VA clinic and Mexican consulate in South San Jose. Here is the relevant passage from the blog:

“Modify Route 42 service in South San Jose: The draft plan proposed that Route 42 travel to a new area on the southern/western side of US 101 along Cottle Road and Raleigh Road. The final plan proposes to redirect Route 42 to the northern/eastern side of US 101 along Silver Creek Valley Road, Hellyer Avenue, Silicon Valley Boulevard, Bernal Road and San Ignacio Avenue to serve community-oriented destinations such as the VA Clinic, Mexican Consulate, Carrington College, Northeastern University and the San Andreas Regional Center.”

Here is a webpage dedicated to the new service plan, with maps and descriptions of all transit routes, in English, Spanish, and Vietnamese: <http://newtransitplan.vta.org/> Please feel free to share the blog post and website.
